### Local Family Makes a Difference for Hospice Residents

Albion: Hospice of Orleans was the surprise recipient of a local family's "green thumb" this month! Members of the Thaine family graciously donated their time and resources to create some colorful containers of annuals that will grace the portico of the Martin-Linsin Residence. Won't you join us in saying, "Thank you Thaine Family!" It is the little extras such as this that enable Hospice to make a big difference.
