### Hospice Transitions Program Benefits From Local Foundation

Albion, NY: Since August 2009, the innovative Transitions program of Hospice of Orleans, has applied for and been awarded nine grants from local and national foundations, totaling over \$13,000. The Molly Lee Campbell Foundation is the latest to recognize the value of providing this service to the community of Orleans County. In support of this program and with a donation of \$2,000 the founder, George Campbell made the following statement. "Hospice of Orleans' Transitions program is a tremendously valuable service, because it benefits every member of the family as well as the patient, all of who are in a transitory phase of their life". The program offers compassionate assistance, resource linkage and enhanced volunteer services to those undergoing curative treatment for their disease but who are not yet eligible for Hospice. It is offered at no cost to any resident of Orleans County who is diagnosed with a life limiting illness and available wherever the client resides, in their own home or in an assisted living facility.

The Board and Staff of Hospice extend sincere gratitude to the Molly Lee Campbell Foundation for its support.
