

HOSPICE NEWS

SPECIAL EDITION – FALL 2012

Celebrating National Hospice Month with the Opening of The Martin-Linsin Residence!

We are excited to be able to celebrate National Hospice Month with the opening of the new Residence. This care center will allow us to offer service to individuals who may otherwise have been unable to experience the Hospice difference. Possibly, their medical needs are too complex to manage at home, or their family live outside the area or a person is relocating to this area to be near family. Whatever the reason, the residence will be a comforting home full of light and love and compassion.

The goal of Hospice service, no matter where it is delivered, is to maximize quality of life, manage distressing symptoms, support family, and to provide quality care in a comfortable setting. Our program is designed to offer the expertise needed to guide a patient and family, providing highly skilled symptom management, counseling support, personal care and a full array of therapy services including physical, occupational, speech, massage and pet therapies.

If you or someone you love are coping with an advanced disease you have unique needs and we can help. Take back control and make every moment count....call 589-0809 for more information.

Welcome New Staff!

In preparation for the Fall opening of the Martin-Linsin Residence, which will be staffed 24 hours, Hospice has added many new personnel. We welcome LPN Michelle Toenniessen and RN's Kirsty Chatfield, Minnie Clark, Carrie Ward, Dawn Hungerford, Carolyn Beiter, Julie Kirby, Missy Buffin, and Mary Hicks in the role of Family Care Coordinator. Each will become an integral part of the agency and may possibly be seen either in the home care service or in the new hospice house.

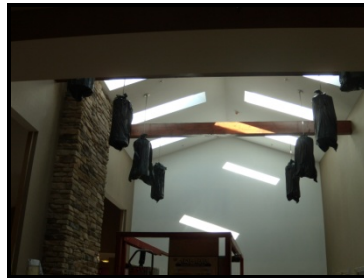

September saw the addition of Katie Crooks as a licensed massage therapist and in October, Marty Stirk commenced in his role as general maintenance supervisor.

Also, working with the Hospice team will be Rafe, a Smooth Collie, who will join Black Jack, a black Labrador, as a member of the Pet Therapy team.

Spotlight on AMR Cleaning Service

Anne Marie Rodola and her partner Roberta Miller know the difference that Hospice services make in a family's life firsthand, as both had a loved one served by Hospice. Ann Marie witnessed the caring and compassion that Roberta's mother received for six months, while in Home Hospice care. Not only was the patient care extraordinary but the family support was invaluable. Hospice of Orleans was also privileged to take care of Anne Marie's own mother and also benefitted from palliative care services provided to her brother in 2007. For him, she watched his anger turn to peace during his two weeks of Hospice service. Like so many, it was not until their personal encounter with Hospice, that they ever gave the service much thought and like so many, it prompted them to think about ways of giving back. As residents of Orleans County for the last 10 years and with an established cleaning service for twenty eight years, they found a unique way to make a serious difference. Their gift to the new Martin-Linsin Residence is full janitorial and cleaning services for one year. In Anne Marie's own words "we wanted to do something more than write a check. Giving has much more meaning when effort is involved". The Board and staff of Hospice extend a heartfelt thank you for this very generous and unique gift.

Thoughts from the Development Director

“The kiss of the Sun for pardon, the songs of the Birds for mirth, one is nearer God’s heart in a garden than anywhere else on earth”. Such fitting words from a poem by Dorothy Frances Gurney. During the last decade, there have been many changes at Hospice, more services added, office upgrades and new staff - all very evident. However, one that is probably the least noticeable is the Hospice Memorial Garden.

Hospice recently said goodbye to a very dear friend, Paul I. Miles who, as a onetime board member and longtime supporter, was Chairman of the original garden planning committee. Under his leadership, land was reclaimed, a foundation plan was laid and with an army of volunteers, funds and horticultural expertise, the current garden was borne. Over the years, many trees, shrubs and plants have been donated in memory of departed loved ones and lovingly cared for by a small group of dedicated horticulturalists, under the guidance of Dee Wolfe and Betty Kenyon.

With the Martin-Linsin residence under construction for a year, only minimal maintenance was possible, however, that will all change for spring 2013. Thanks to a very generous donation from BMP America, a new Gazebo will be added and we hope to expand the memorial brick walkway. The Fountain will again flow and more perennial beds will be constructed. As and when funds become available, we would also like to add more occasional seating.

The garden volunteer base has expanded and under the watchful eye of Master Gardener and Designer Vicki Jansef and with Janet Bolton as the volunteer coordinator, there will be almost 30 pairs of “green thumbs”. As a lifelong English gardener, I am so excited about the prospect of creating an even more beautiful space for our patients and their families and further build on a legacy created by those caring and insightful individuals who went before. Paul, may you rest in peace and thank you for that which you created for the enjoyment and benefit of our community for years to come.

Cora Goyette

Memorial Garden

 Hospice Residence*

*All are welcome on
 Sunday, November 11th
 at 3:00 pm.*

*“No happy time is
 really gone if it
 leaves a special memory”*

Compassion is the Hospice Legacy

What is Yours?

Merwin and Marilyn Staines not only realized the difference that they could make for Hospice during their lifetime, but also recognized the difference they could make for the future of Hospice through a planned gift.

In recognition of a very generous donation to the new Martin-Linsin Residence, a patient suite will be named in their honor. However, they both knew that they wanted to do more and decided to name Hospice of Orleans as a beneficiary in their Will. “All of my family is well provided for and I want my contributions to go to good causes that are in our local community” said Mr. Staines during a recent conversation with Cora Goyette, Development Director. “Being able to support a charity during our lifetime, means that we can witness the difference. A planned gift ensures that we make a difference for those that come after us”.

When you update your Will, consider making a charitable bequest and name Hospice as a beneficiary. It is simple, you can designate a dollar amount, a percentage of your estate or designate Hospice as a residual legatee. If you would like further information please contact your financial advisor or call Hospice of Orleans 585-589-0809.
